

# David Crosby, Coverage

(Bonnie Hayes)

[Intro. (Electric Piano)]

The TV is talkin' to me  
It's positive identification  
But maybe I'm mistaken

I talk to my radio  
I keep it tuned to the all night show  
I'd give my last dime for coverage  
But you will not cover me

I got a penchant for the printed page  
I got a mention in the Monday news  
I was on my last leg when it came through

I talk to my radio  
I keep it tuned to the all night show  
I'd give my last dime for coverage  
But you will not cover me no, no, no, no

Tune it in to the pale blue light  
Whispers to me through the night  
Better love (Better love) better lovers (Better love)  
Cover, cover, cover, cover, cover, cover, cover, cover, coverage

[Instrumental (Electric Guitar)]

I would have made it sooner see  
But I got caught up in the dream traffic  
Blew the demographics

I talk to my radio  
I keep it tuned to the all night show  
I'd give my last dime for coverage  
But you will not cover me  
No, you will not cover me  
No, you will not cover me

[Ending (Electric Piano and Electric Guitar)]
