

# David Foster, Inside You

What's goin' on there inside you?  
How can you do this magic you do?  
Show me the world there inside you  
Open your eyes, let me come on through

Once I'm walking inside your dreams  
I know I'll see your mystery  
Deep in your heart  
I'll find the place I wanna be  
Everything I need is

Inside you  
Nothing can hide you  
When I'm inside you  
Take me inside you

Girl, can't you feel us moving as one?  
(Oh baby)  
In the hours so sweet, oh, how they run  
Give us just a little time to  
Let it go where it has to go  
Wrapped in your soul  
I'll know the secrets that you know  
Can't you feel us flowing

Inside you  
Nothing can hide you  
When I'm inside you  
Take me inside you

Oh, is it real, as it seems  
Don't wake up  
Look for me there in your dreams tonight

Inside you  
Nothing can hide you  
When I'm inside you  
Take me inside you
