

# David Gates, Part-Time Love

I need somebody who's consistent  
with me  
Someone already there when I need  
company  
'Cause when I'm feelin' low  
I don't want to have to go out  
lookin'  
For a part-time kind of love

And when the dreams and rainbows  
start to disappear  
Don't want somebody up and runnin'  
outa here  
'Cause when you stop and start  
Baby it's just too hard upon  
my heart  
That part-time kind of love

And I can't take you darlin' livin' here  
wait and see  
I want somebody who's committed  
now to me  
Somewhere, someday you'll have  
to take a chance  
So if you like the music baby  
get up and dance

And if we grow together daring to dream  
I know we'll find our shares of  
peaches and cream  
And when the juices flow  
I don't want no no no excuses  
Just want your full time love  
for me  
Just want your full time love  
for me.
