

# David Gray, Over My Head

No need to stress  
And no need to worry  
Soon we'll need no  
Time or money  
Goin' in over my head  
Hear the sound of the sea  
On the pebble  
Just can't help get  
Sentimental  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
All the striving  
All the suffering  
Maybe it was  
All for nothing  
Goin' in over my head  
I know these streets  
I know these trees  
I'm going down  
Where the summers freeze  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Goin' in over my head  
Been a while girl  
It's good to see you  
Of all the people  
to find you here  
Goin' in over my head  
Wahah  
Goin' in over my head  
Goin' in over - my head  
(faraway)  
The night has a million eyes  
The night has a million eyes  
The night has a million eyes
