

David Guetta, Higher

You know I need to go higher
You know I need to go higher
You know I need to go higher
You know I need to go higher

Don't ask me why
I want to live
Don't ask me why
I want to hear
Don't ask me why
I need to high
Don't ask me why
You need to die
Don't ask me why
Don't ask me why

You know I need to go higher
You know I need to go higher
You know I need to go higher
You know I need to go higher [reapet again and again]
Don't ask me why [X2]
