David Guetta, Higher

You know I need to go higher You know I need to go higher You know I need to go higher You know I need to go higher

Don't ask me why I want to live Don't ask me why I want to hear Don't ask me why I need to high Don't ask me why You need to die Don't ask me why Don't ask me why

You know I need to go higher [reapet again and again] Don't ask me why [X2]
