

# David Guetta, Never Take Away My Freedom

I may be wrong, I may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

I may be wrong, I may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

Freedom, freedom, freedom, freedom..

I may be wrong and may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

I may be wrong and may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

Freedom, freedom, freedom, freedom...

I may be wrong and may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

I may be wrong and may be right  
I may never see the light  
But you can never take away my freedom

Can take everything I own  
You can have and sing my song  
You can never take away my freedom

Freedom, freedom, freedom, freedom... I may be wrong, I may be right I may never see the light B
