

David Houston, I Told Them All About You

I told the whippoorwill told the daffodil just bout your pretty smile

Yes I told them all about you

I told the little bird every single word that you said worthwhile

Yes I told them all about you

I told that big old melody with shine above

How you roll on big blue eyes and how you could love

Each a little honeybee said there's gonna be honeymoon for two

Yes I told them all about you

[ac.guitar]

I told the whippoorwill..

Yes I told them all about you yes I told them all about you
