

David Houston, True Love's A Lasting Thing

I want you to want me the way that I want you
And I need you to need me the way that I need you
They say that love's not put in your heart to stay
And love's not love till you give it away
No matter what tomorrow may bring true love is a lasting thing
[piano]
Love's not put in your heart to stay...
No matter what tomorrow may bring true love is a lasting thing
