

# David Houston, You'll Have Love

I'd do my very best for you and every way I can  
But I just live from day to day a poor hard working man  
You may not have the things you've dreamed about  
But there'll be one thing you'll never live without  
You'll have love and the heart that won't grow cold  
And these two hands of mine will work for you till I grow old  
I'll be by your side whatever we'd go through  
And you'll have love if that's good enough for you

There'll be no trips around the world are pretty sights to see  
You'll just have a simple life but you'll always have me  
There may be lonely times I won't deny  
But you'll always have one thing money can't buy  
You'll have love...
