

# David Pedersen, Breathe In

Here Im standing all alone  
By the gate outside youre home  
Nothins gonna make tonight  
Alright  
Think of how we used to be  
It was always you and me  
I will never be the same  
Again  
Although we are trough  
Im longing for you  
Tell me what to do  
Breath in  
Breath out  
Thats all I can think about  
Breath in  
Breath out  
Until my heart stops bleeding  
Just have to keep on breathin  
On and on  
Here Im standin all alone  
By the gate outside youre home  
In your window theres a light  
All night  
Never thought we come to this  
Was there somethin that I missed  
Did I ever do you wrong  
Come on  
Although we are trough  
Im longing for you  
Tell me what to do  
Breath in  
Breath out  
Thats all I can think about  
Breath in  
Breath out  
Until my heart stops bleeding  
Just have to keep on breathin  
On and on  
On and on  
Coz I doin everythin that I can  
And I try to take it all like a man  
But its odd when I dont know who I am  
Know who I am  
Breath in  
Breath out  
Thats all I can think about  
Breath in  
Breath out  
Until my heart stops bleeding  
Just have to keep on  
Breath in  
Breath out  
Thats all I can think about  
Breath in  
Breath out  
Until my heart stops bleeding  
Just have to keep on breathin  
Until my heart stops bleeding  
Just have to keep on breathin  
On and on
