

David Phelps, Arms Open Wide

From another world
Out of the Heavens, into the earth
Came another love.
A love that we've never seen or heard.
You came and displayed Your love
By giving Your all for us.

Chorus
You are the High and Holy One.
You left the glory of Your throne
And You gave Your life away.
You are the Lord of everything.
The reason for the song I sing.
You're worthy to be praised.
You lived and died with arms open wide
With arms open wide.

From another time
Your will unfolded, just like You planned.
Your spirit is alive
And living in the hearts of man.
How deep Your unfailing love
That You would remain with us.
