

David Phelps, Freedom Song

Words & music by Benjamin Gaither and Marshall Hall

Stop my brother theres a better road.
Why you wanna carry that heavy load?
Everybody oughta be singing freedom song.

You cant even move from all thats holding you down.
Chains you made yourself are keeping you bound.
And youve convinced yourself that peace cant be found,
So whyd you let the devil inside?
Its grace that gives you freedom in life.

Stop my brother theres a better road.
Why you wanna carry that heavy load?
Everbody oughta be singing freedom song.
You can change your world today.
Why would you want it any other way?
Everybody oughta be singing Freedom song.
Everybody oughta be singing Freedom song.

There was a time when I just couldnt win.
When my addictions made me a slave to my sin,
I tried to break away, but then Id do it again,
Until helpless I fell down on my knees.
The love of the Lord made me free.

Stop my brother theres a better road.
Why you wanna carry that heavy load?
Everybody oughta be singing freedom song.
You can change your world today.
Why would you want it any other way?
Everybody oughta be singing Freedom song.
Everybody oughta be singing Freedom song.

Stop my brother theres a better road.
Why you wanna carry that heavy load?
Everybody oughta be singing freedom song.
You can change your world today.
Why would you want it any other way?
Everybody oughta be singing Freedom song.
Everybody oughta be singing Freedom song.
