

# David Phelps, Gentle Savior

Where are the signs? Which way should I go?  
I planned each step but now I dont know.  
Tomorrow is a chasm of uncertainty  
But, I will go there, if Youll go with me.

Chorus

Gentle Savior, lead me on.  
Let Your Spirit light the way.  
Gentle Savior, lead me on.  
Hold me close and keep me safe.  
Lead me on, Gentle Savior.

Why cant I walk away from my regrets  
And why is forgiveness so hard to accept.  
My past surrounds me like a house I cant afford.  
But You say, &quot;Come with me; dont live there anymore.&quot;

Chorus

And when I reach the valley every soul must journey through  
Ill remember then how well You know the way,  
Ill put my hand in Your hand like a trusting child would do  
And say

Chorus
