

David Phelps, Heart Of Hearts

I used to think I could live without You
But I cant fool myself
And though temptation tells me to doubt You
Id never be that cruel to myself.

Lord, I need You to see me through
Cause when all is said and done
What it really all comes down to
Is that Youre the only one.

Chorus

In my heart of hearts
Youll always be there.
Always be there
In my heart of hearts.
Youre my everything
My everywhere.

I walk the grass that I think is greener
But the color fades to gray.
Could an illusion be any meaner
Than the one that test Your faith?

Lord, I need You to see me through
Cause when every truth is told
Theres a light that shines out from You
When the eyes of the night turn cold.

Chorus

Oh, I dont want to be the one that looks back with regret.
I just want to be the one in faithful prayer
When love is waiting there.

Lord, I need You to see me through
Cause when all is said and done
What it really all comes down to
Is that Youre the only one.

Chorus

In my heart of hearts
