

# David Vendetta, Sun Comes Up (feat. Booty Luv)

I,I'll be workin' on the day  
hurry up i just can't wait  
for the sunlight to fade away  
cause the dancefloor's callin' me  
& I ,im a bad girl in these skies  
with the fire deep inside  
i can't deny wherever im in the place  
all my stresses fade away

Dj put your back into it  
if you're feelin' away  
let me hear you say  
we ain't gonn' stop  
until we see the sun come up  
you know we gonna give it all what we got  
until we see the sun come up

we could feel the night  
we'll party till the day  
until the morning light  
we'll do it all again  
& we ain't gonn' stop no !!  
until we see the sun come up,till the sun comes up

I,im about to cross the line  
feel me up just one more time  
can't shut it down u know im gonna keep dancin' dancin dancin right away

Dj put your back into it  
if you're feelin' away  
let me hear you say  
we ain't gonn' stop  
until we see the sun come up  
you know we gonna give it all what we got  
until we see the sun come up

we could feel the night  
we'll party till the day  
until the morning light  
we'll do it all again  
& we ain't gonn' stop no !!  
until we see the sun come up,till the sun comes up

& I, gotta a feeling that way gonna take it high  
now it's a time to elevate  
we'll take it higher than the stars in the sky  
we'll bring the fire make it burn all night
