

# Dawid Dejf Motyka, Summertime

Ref.

Take every moment like it's your last ...

1.

It's summertime once again  
Just slow it down and let go of strain  
The only thing you have to do  
Pack up your things let loose  
Go on a journey towards the setting sun

Ref.

Take every moment like it's your last  
Live life with joy, put troubles behind  
Your passion will follow at every step  
Clear up your mind, stop looking back

2.

Break out of rut, the time has come  
Go on a journey with no map and plan  
Where life unfolds, all things are new  
So don't resist, don't think it through  
The happiness awaits, no time to lose
