Dawid Podsiadło, Phantom Liberty (Cyberpunk 20

Found out treasures are always lost Leasures in rich come back I'm watching you Be careful with your moves

Tonight I think the time is right I think the blood is It cries for more So what are we waiting for

Wires and chains I'm just starting looking the other way Starting to fade I'm just starting looking the other way It feels like a game I'm just starting looking the other way You have to play
