

Day Of Fire, Rain Song

Bring rivers in this wasteland
Clouds into this sky
Bring springs of life into the wells that
Have been run dry

~Pre-Chorus~

Rise up in this city
Gather in this light
Pour down on Your people
Your glory and Your life

-Chorus-

Rain, Lord we thirst for water
Rain, we are desert land
Rain, on Your sons and daughters
Rain, bring Your rain again

Speak dreams into this water
And vision to this land

Let oceans be divided
And bring forth life again

~Pre-Chorus~

-Chorus-

Let the tide roll in
Washing over our lives
Let Your water fall again

Bring rivers in this wasteland
Clouds into this sky

-Chorus-

Bring Your rain again
Let your water fall down
Bring Your rain again now (x2)
