

# Day Of Fire, Time

Watching the clock tick tock away  
Every second sounds a new day  
Always on the rush,  
Quick, get away  
Sound the alarm for judgement day  
Gotta hurry up, or be late  
Gotta find the time to make it straight

Chorus:

Do you have the time  
Do you have the time  
Do you have the time to make it  
Do you have the time  
Do you have the time  
Do you have the time to fake it  
Do you have the time  
Do you have the time  
Do you have the time to take  
Do you have the time to waste away the day?

Counting the line, can't stand the wait  
Every minute to hour, delay  
Til' tomorrow becomes yesterday  
Now is the time, don't hesitate  
Every minute of mine will be made  
Hit the clock it's time to stop the race

(CHORUS)

Don't you feel like there's something that's missing  
Don't you feel like there's something that's missing  
As time keeps slipping  
Don't you feel like there's something, that's missing?

(CHORUS)
