

# Day26, In My Bed

In my bed, don't be shy, don't be scared  
Let's get right, take that chance, baby its alright  
Don't gotta rush, we got all night  
We rocking (in my bed)  
We rocking (in my bed)  
We rocking (in my bed)  
We rocking

When I come around all the beds stay rocking  
Big things poppin till the cops come knocking  
Don't give a damn if the cops come knocking  
They can keep on knocking, we still ain't stoppin  
That's a rock at your top droppin  
Playing in the sheets with the slow jam rocking  
The TV's on but we ain't watching  
I'm focused man

Different positions, bed to the kitchen,  
friends they see me  
I been missing, where I been, on a mission  
Touching, squeezing, huggin, kissing  
Girl when I'm alone with you  
This is what you make me do  
You know its going down  
Every time that you come in to my bed

In my bed, don't be shy, don't be scared  
Let's get right, take that chance, baby its alright  
Don't gotta rush, we got all night  
We rocking (in my bed)  
We rocking (in my bed)  
We rocking (in my bed)  
We rocking

Ain't coming up for air, I'm swimmin  
Cookin it up so hot like kitchen  
Doing my thing, got your best friend wishing  
She was in your shoes with me

Sex in the sheets, right out the bed  
Say that you wanna go again  
Running my fingers through your hair  
I'm focused man

Different positions, bed to the kitchen,  
friends they see me  
I been missing, where I been, on a mission  
Touching, squeezing, huggin, kissing  
Girl when I'm alone with you  
This is what you make me do  
You know its going down  
Every time that you come in to my bed
