

Days Away, It Happens

So I forced it out
Cuz I haven't cared about anyone
So they found me out
Because they know I haven't cared at all

So, Do you want to dance?
Cuz I don't mind
Take it out on me
Happens every time I try

Keep in mind it's my time
Cuz I think I'm supposed to
Well keep in mind it's my time
I'll do what I know I can

So, Do you want to dance?
Cuz I won't mind
Take it out on me
Happens every time I try

So I give up
Cuz everyone's the same
I wish I was gone and out of this place
Will someone help me out?

So I figured out that I don't care about you or about
So I figured out that I don't care that I don't

Because everyone's the same
I wish I was gone and out of this place
You know I wish I was gone
You know I wish I was gone

So I forced it out
Cuz I haven't cared about anyone
So they found me out
Because they know I haven't cared at all
