

# Days Away, The Regular G

Is this less than what I can handle,  
or is this more than you deserve?  
I bet you build me up this high  
just so I can crash a little harder.  
I wish you would call me over there.  
I wish you would come here on a start.  
Wait, I can't wait another day.  
I wish you would come here on a start.  
I bet it happens again and again and again  
until it happens again.
