

Days Of The New, Days In Our Life

I said that I want to
It's not what you say, it's all in what you do
Nothing has the values of life, I said it changes
Changes--unlike any other way
Changes yeah

These are the days in our life, yeah
It's time for changes
These are the years left behind, yeah
It's time for a change

I said that I want to
Dead as I want, it's not for me to choose
I said that I want to, but my mind changes
Don't stare at the old view

Tell me what you can do
Get with the times
Time for changes
So tell me this is true
Should I believe in you?

Tell me what you're saying
Tell me what you said
