

Days Of The New, Enemy

Listen down you little man
I'm not the one whos trying to change you
And if you come to understand it will be okay
You need to change it
You need to change it now...

I'm not the one who's trying to.....
I'm not the one who's trying to be your enemy
There's somethng you need to change

Listen down you little man
I'm not the on who's tryng to change you
And if you come to understand it will be okay...yea...
You need to change it
You need to change now

I'm not the on who's trying t be your enemy,
There's something you need to change

I went in killing the sun/I once one
I went in killing the sun/I once one, I once one
