

Days Of The New, Flight Response

Out of the blue,
bonafide,
Response of the brain
Intense adrenaline flow,
flow, out of control
sudden jolt,
freezing in fear
trauma road,
road, travelling real
pain is my pill,
ride it out if you can,
can, dilation of eyes
panic surprise
I've lost my pill

now I'm numb,
numb, down on my knees
waiting to die
mistaken beliefs of real life,
life, prepare for the flight,
reward your misguide,
get off your knees time to fly.

Everything in your life was good then it got bad,
Would you hate me?
So, what am I supposed to do about it, about it?
Yeah, running insane, running insane,

Colorful shapes,
a vivid mistake,
I've lost and take,
Give my sore heart a new soul,
soul, nerves play my role,
I'm not whole,
Give me the soul
now I run,
run, running insane
follow the pain
mistaken beliefs of real life
prepare for the flight
reward your misguide
get off your knees its time to fly

Everything in your life was good then it got bad,
Would you hate me?
So, what am I supposed to do about it, about it?
Yeah, running insane, running insane, running insane

Well I won't be safe again,
I won't, I won't
(repeat 7x)

Running insane, yeah

Well I won't be safe again
I won't, I won't
(repeat)
