

Days Of The New, Freak

Watch the time
Wait for me
Patience is reality
I don't know how it feels
No, I can't see with your foot in my face

I don't know how it feels
I can't decide

No, I can't see
With your nose in my business
Your ass in my space
Your life as my problem
Your foot in my face

I won't
I can't
I'm lost
I'm a freak

Trust my lie
And you will die
I can't succeed
Now I can't fail
I don't know how it feels
I can't decide

Searching for things I can't see
Mountains in front of me
No nothing will conquer my existence
Fear will not discover my brain

I'm a freak

Your foot in my face
