

Days Of The New, Got To Be You

I've gotta solve the trails
I've gotta make a trail
Maybe it's you
Your lifeless you
Where are all those mistakes?
Those long lost mistakes

They were not forgotten -see I don't forget
Yeah I don't forget

Have someone to blame
YOU- have someone to blame

Pulling back and letting go
I'm very overwhelmed at you
There's so much going on

There's something I've got to prove
It's got
Got to be you

Gotta solve the trail
Its another day
Still no way to get there,
I don't care if I got to give myself away

Choke on my shit
All of my shit
Maybe I'm just jumpin too soon
Or maybe its just got to be you

Its got to be you
Got to be you
