

Days Of The New, How Do You Know You?

All I see is all to see
Stubborn mind in front of me
If you want I'll go away
I'll be here some other day

How do you know you?

And I don't feel you now
And I don't see you now
And I don't hear you now
And I don't know you now

How do you know you?

You, yes, I've kept the news from you
You, yes it's all in your mind

All I see is all to see
Nothing taking over me

How do you know you?
