

Days Of The New, Where I Stand

Some of us play life
Like a board game
It's new
Fun
And you play it
With people
There's a time
You get tired
And you put it away
Then one day
You get it out
And the pieces are broken

Self-discipline
I want to feel before you
Take it slow
Feel before you, yeah

That's where I stand
Where I stand
Where I stand
Where I stand
Some of us live life
Like we didn't know it exists
Care
Got to care
Or it fades away
Then one day
You come to life
And living is over
