Boy you got your shit?

Yo! Go get the homeboys!
We got a meeting at the park, don't be late!

They say the streets ain't safe no more
For us youngsters,
Take the chance to achieve and live the life of a busta
Gather up all the matter, yeah, we multiply
Many hood stories told, we analyze
See we bang for this colour and only this colour
Kill any colour, that ain't our colour
Get it in your head what's done what's done said
Embalmed on the wall for all my homies that's dead
I can't forget you homie
Drinkin and smoking because I'm lonely
Blastin all these motherfuckers cause they phony

My heart flooded with anger
Deep inside, but who cares
Life is dead, we banging like soldiers
So beware if you scared
Then we torture the ????
For what the fuck you done done
Jump across these niggas so now the war is on
We rob, strapped busting until they all drop

So keep your glock clocked sucker!
For when I come through
Dump around something now your homies is nothing

Weed, alcohol on my breath
You looking for your fucking homies
Ain't none left!
Hangin out with my niggas, real street niggas
They hearts is cold hear, bust them triggers
Taping flicks, pictures, modifying the street life
Drinking liquer, shermed out, high as a kite
Intoxication, ain't feeling that you can feel
When the cops drive by suddenly
And they was out to kill

[Daz talking]

Yeah, tell your homeboy that!
Dead on sight!
Everytime we see y'all bitch ass

Now I'm shot!
Barely made it!
Killed four of my homies, it's gang-related
Now what's next for us, we load up
But keep adjust my set to murder, so what the fuck!

[Daz talking]

Yeah, when I get wet, they're ain't nothing I won't do
So intoxicate your mind to something new
Always remeber

Revenge, retaliation, murder, get back

I'm in the world on my own
I will roam I gotta stay strong
My motto "You fuck with us, you fucking get domed"
Two days later niggas come back and sprayed us
Retaliation and get back this time just to face it
We five cars deep, we jet out as we creep
Blowing niggas ???? hollering East side! Long Beach!!
My feud ain't with them other niggas!
It's with you
Got a gauge to your head nigga what you goin do?
Handle my business, for the cops come and get to snitching
Reaching to our destination so we can kick it
Nobody knows and we won't get caught
Continue stacking paper, moving cavi on the block
I thought you knew! But now you know!
Don't ever ever come around no more!
And why's that? And why not?
Cause it's my money and I mash for my block!
