

De Heideroosjes, Thank You (For Messing Me Up)

Here I'm standing, yes, I'm crying
Oh my God I feel like dying
I am not a tough guy anymore

I would never know, what I know now
If you didn't break our vow
And yes, of course, it hurts like hell

Although you messed me up really bad
And took every bit of pride I had
I wanna thank you for doing that
Although you messed me up, made me mad
Took every bit of sense I had
I wanna thank you for doing that

Here I'm standing, yes I'm fighting
Some things can't be caught in writing
A new chapter in my book of life

Whatever might, whatever should
Have I not done all that I could?
But my best wasn't good enough for you

Although you messed me up really bad
And took every bit of pride I had
I wanna thank you for doing that
Although you messed me up, made me mad
Took every bit of sense I had
I wanna thank you for doing that

All that hurts me, makes me stronger
All that hurts me, makes me more complete
All that hurts me, makes me stronger
