

De La Soul, 3 Days Later

POS:

Smoothed out without the R and B

(Mercy) Come on!

(Mercy) Come on y'all!

(Mercy) Come on!

There's no R and B in this song

So come along fly children come along

Come along fly children come along

Come along fly children come along

There's no R and B in this song!

Pushed up a dame by the name of Crystal

Who flaunts to the point just like a missile

A habit wit ear kiddin' wit gold mags

And since she fancies facial hair she asks my name

(Hey baby what's your name?)

Now ever so fab I said I'm wala

Miss Wild who used to run tough wit Koala

She was a winner of my metaphor and she knew that

I said I'm gonna feed your mouth she said you do that

Now Crystal stops the jeep I think I'm mad fly

She used to have a man wit lots of mad signs

Her strut was guaranteed to make a gay smile

And in bed she had proved to be real agile

I show her to the lounge and I dined her

Then she gave me some digits where I could find her

I licked her like a stamp

Laid and sticked her like a champ

But the... um she gave me burn

I had to go see the doctor

(3 days later) Skeezer skeezer skeezer (Uhhhh)

DOVE:

Well it was thirty after nine and I was loungin'

Tokin' on some smoke that I was poundin'

I rang up seven up so we can skip to the mall

Thinkin' a good day to shop

But then we got stopped

A shooter man said "Yo this is a stick up"

A whole lot of dirt was 'bout to kick up

I had screens in my pocket

And man, tonight's my date

Wit Smokey Sue, now what was I to do?

In my head I'm thinking, 'Should I dodge the bullet?'

'Man this kid is bluffin' you can pull it'

I feared the whole scene,

The shooter didn't bluff

Now look at me now,

He shot my ass dead

(Yeah)

(You shouldn't have)

(I did, so let's get in the van)

(You shouldn't have)

(I did, so get in the fucking van!)

(I love you babe)

(I.. I love you babe)

(I love you babe)

(I love you babe)

Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer!
