

De Novo Dahl, Shout (Popple Mix)

ooooohhhhuuuuuooooohhhh
we have got to let you know
ooooohhhhuuuuuooooohhhh
we have got to let you know

that you have to...

SHOUT, shout
let all your feelings out
no matter how you do it
you should never keep it down
cause it will surround you
and soon it will drown you

SCREAM, scream
at the top of your lungs
you'll bob so much harder
and meanwhile you'll get life
it's all around you, just stop
and then it will astound you

now to you it's all about defense
you never go out and
make the best of yourself
you keep your dreams way high on the shelf
you've got to go out and get again
cause if you don't then
someday you'll wish that you did
and it's a pain that's hard to get rid of

SHOUT, shout
let all your feelings out
no matter how you do it
you should never keep it down
cause it will surround you
and soon it will drown you

SCREAM, scream
at the top of your lungs
you'll bob so much harder
and meanwhile you'll get life
it's all around you, just stop
and then it will astound you

ooooohhhhuuuuuooooohhhh

just shake the fear right out of your head
cause if you don't it can leave your spirit so dead
it will leave your spirits so dead

SHOUT, shout
let all your feelings out
no matter how you do it
you should never keep it down
cause it will surround you
and soon it will drown you

SCREAM, scream
at the top of your lungs
you'll bob so much harder
and meanwhile you'll get life
it's all around you, just stop
and then it will astound you

ooooohhhuuuuuooooohhhh
we have got to let you know
ooooohhhuuuuuooooohhhh
we have got to let you know
ooooohhhuuuuuooooohhhh
we have got to let you know

that you have to
