De/Vision, A Prayer

Once I had a dream before I woke up When I try to walk I fall asleep Don't know where I'm going to, I don't even know where I have been But still I try to realize the truth That I have seen

So I pray Please, help me, please Please, help me, please Please, help me, please Please, help me, please

Reveal the precious spell of every moment Inhale the flow of life in every second Rely upon the spirit that you hide Behind a lie I will keep on trying till the day That I die

And I pray Please, help me, please Please, help me, please Please, help me, please Please, help me, please

Take my fear away Don't lead me astray Take my fear away Don't lead me astray

Please, help me, please Please, help me, please Please, help me, please Please, help me, please

Help me to stay on this road and Don't lead me astray
