

De/Vision, Aimee

The sun was cold
The day before you came
To be so bold
As to implore a place in your heart
You make me feel
Like I was special
It feels unreal
My life was yet a doubtful blessing

Aimee
Take all your love out on me
Theres nothing to it
Take all your love out on me

You make me feel
Like I am special
You make me real
I'd die tonight to lie by your side
