

De/Vision, Beside You

Drei, vier
I do I try
I live I die
I'm know I'm not alone
I'm wide awake
Got what it takes
I give as good as I get

In a distance
Faraway
Where my spirit lives
And my lone heart grieves
I feel you

I take the best
And grab the rest
I got to get under way
Live for today
Fall by the way
I go to meet my fate

In a distance
Faraway
Where my spirit lives
And my lone heart grieves
Everything else pales into
Insignificance non-existence
Beside you

I feel about there's no way out
Love me to death
