

# De/Vision, Free From Cares

Improbability  
In each word we say  
Mendacity  
We pretend to pray

Perfidious  
The words of Jesus  
And anytime  
We end up smashed to pieces

Ingratitude  
In a world of lies  
We are free from cares  
We close our eyes

I assume  
There is no healer  
To heal this world  
To make us cleaner

I assume...

Free from cares

Hypocrisy  
We show each day  
Leads into darkness  
We go insane

Understandably  
We are of no account  
We jeer the creatures  
That we once found

It's tenderness  
We are living on  
So it's no wonder  
That we're all gone
