

De/Vision, Take Me Over

Take my hand
Forever yours
Your wish is my command
Heart of gold
Her beauty almost
painful to behold
My world's on fire
Commit me to the flames
Don't ever leave me
The flames get higher
We'll kiss the pain away
My one desire

Take me over
Over and over

My world's on fire
Commit me to the flames
Don't ever leave me
The flames get higher
You suck the pain away
My one desire
