

De/Vision, Today's Life

Wrapped in mystery
A witless waste No sign of dignity
A misty haze
Blood-red history
A deadly fate
Perverse philosophy
Justifying hate

Life of agony
My mind insane
Nowhere security
And nowhere shame
A yearn for harmony
No silly game
Spirituality
Penetrate my brain

Does it help us to pray?
I never felt that way
Does life make sense today?
I never felt that way

Does it help us to pray?...
