

# De Vision, Try To Forget

Try To Forget

You return in the night  
Don't have a person to hold you  
And you think about the past time  
When you were with me  
You go to bed alone  
Don't have a person to warm you  
And you think about your lost love  
Then you try to forget  
Try to forget, Try to forget  
Try to forget  
You should try to forget  
But you can't forget  
You don't show your tears but I do  
And you hope that someone knows  
That you are alone  
And that you are not  
Your secrets are your thoughts  
Write them down and start to cry  
Write them down and start to scream  
Try to forget...  
Try to forget, but you can't forget
