

# De/Vision, Unputdownable

Down there by the river  
Underneath a tree  
I wish you were here with me  
Deep down in the water  
Secluded from the world  
My heart unfurler

I'm filled with love  
From far above  
I'm unputdownable  
I found a light  
In the dead of night  
Yeah I'm feeling fine  
The river flows  
The feeling grows  
I'm unputdownable  
Lead me on and on  
Lead me on and on

Though it takes forever  
I'm waiting patiently  
Until you are here with me  
Arrogance and anger  
Curve the way to light  
And lead into the night
