

# Deacon Blue, I Was Right And You Were Wrong

I was right and you were wrong girl  
Nothing lasts forever  
Inside every one of us  
There's only so long

I believe the longest day girl  
The lovely light of May girl  
If asked if I could ever leave  
I never saw a change

But I will  
What I say  
What I do

I was right and you were wrong girl  
Nothing seems the same  
I heard you on the radio  
Your voice was so strange

But I will  
What I say  
What I do
