

# Dead Disco, You're Out

One black heart on your sleeve  
Following two dark eyes across the floor  
Taking liberties as you please  
From the moment you walked through the door  
Do you really think you've got it made  
How does it feel to be upstaged  
And if you want to get it back  
Better make a change, clean up your act  
Oh did you think you were ahead of the game  
Well guess again girl, now its our turn  
Don't get complacent cos someone's on your tail  
And now its over, did no one tell you  
So open your eyes and look at who's laughing now  
Don't think you're winning cos the cards are dealt and now You're Out  
When the clock strikes twelve the party stops  
And all the good things must come to an end  
Now the light's down low there's nothing left here  
But a memory and an empty glass  
Did you think you were the talk of the town  
Well someone turned it all upside down  
Now the table's turned so take your time  
If you learn your lesson then you'll survive  
Oh did you think you were ahead of the game  
Well guess again girl, now its our turn  
Don't get complacent cos someone's on your tail  
And now its over, did no one tell you  
So open your eyes and look at who's laughing now  
Don't think you're winning cos the cards are dealt and now You're Out  
You thought you had it made but now you're out  
You thought you'd made the grade but now you're out  
You thought you'd learn your lesson now you're out  
Because the table's turned and now You're Out  
Oh did you think you were ahead of the game  
Well guess again girl, now its our turn  
Don't get complacent cos someone's on your tail  
And now its over, did no one tell you  
So open your eyes and look at who's laughing now  
Don't think you're winning cos the cards are dealt and now You're Out
