## Dead Kennedys, Your Emotions

Your mommy told you this
And your daddy told you that
Always think like this
And never do that
You learned so many feelings
But what is there to that
Which are really yours
Or are you just a copycat

You're so boring boring boring Always tape machine recording You're so boring boring boring l've heard all this before

Planless and mindless
Scraps from anywhere
Bunch of used parts
From garbage pails everywhere
Frankenstein became a monster
Just like you
Your scars only show
When someone talks to you

Your emotions make you a monster
