

Dead Milkmen, Brat In The Frat

Hey!

I do not like you college brat
I do not like you and your frat
I do not like you at the shore
I do not like you drunk on Coors
I do not like your average life
I hope you do not take a wife
I hope you don't decide to breed
Cause that's one thing I do not need

I do not like you radical
I hate you and your fancy school
You're wrong about the working class
I hope they kick your Harvard ass
I do not like you world of ours
I'd rather live on planet Mars
And die from lack of oxygen
Than breathe the air of other men
Hey!
