

Dead Milkmen, Crystalline

With the perfect smile for your sugar high
I'd walk a dirty mile
Crystalline

Are you sure we can't be seen when we're here together
Put me in a dream
Crystalline

See what you've done to me
See what you want me to see
I'll be the life of you
You'll be the death of me

You never tell me lies
I can see my future
In your glassy eyes
Crystalline

The credit she deserves
Never any doubts
She has all the answers
Crystalline

See what you've done to me
See what you want me to see
I'll be the life of you
You'll be the death of me

I can see right through you
Right through the very end
We'll always be together
Right there next to me
Right there in the end

See what you've done to me
See what you want me to see
I'll be the life of you
You'll be the death of me

The one I always I dug
You're my one and only
You're my favorite drug
Crystalline

See what you've done to me
See what you want me to see
I'll be the life of you
You'll be the death of me

See what you've done to me
See what you want me to see
I'll be the life of you
You'll be the death of me
