

Dead Milkmen, I Hate Myself

I Hate Myself

(The Dead Milkmen)

Performed By Dead Milkmen

Smokin' Banana Peels

I hate myself - hate myself

And you - I hate you

I hate myself - hate myself

And you - I hate you

Roses are red and

Violets are blue

I hate me and

I hate you

I hate my life and I hate yours

I hate my life and I hate yours

Let's get together and make a pact

Let's get together and make a pact

Let's get together and end it all

Let's get together in a bathroom stall

I - I take drugs, I take drugs

And Glue - I sniff glue

I - I take drugs, I take drugs

And Glue - I sniff glue

Roses are red and

Violets are blue

I take drugs and

I sniff glue

I hate my life and I hate yours

I hate my life and I hate yours

Let's get together and make a pact

Let's get together and make a pact

Let's get together and slit our wrists

Let's get together and do the twist

I eat lye soap - eat lye soap

And stew and I eat stew <Hello Stuart>

I eat lye soap - eat lye soap

And stew and I eat stew

Roses are red and

Violets are blue

I take eat soap and

I eat stew

I hate my life and I hate yours

I hate my life and I hate yours

Let's get together and make a pact

Let's get together and make a pact

Let's get together and end it all

Let's get together in a bathroom stall

"Hush little baby don't say a word : "I woke up, can't wait to eat

And never mind that noise you heard : Got my cereal, boy I was beat

It just the beasts under your bed : Opened the fridge and to my dismay

In your closet in your head!!!" : There was no milk my mother will pay"
