

Dead Milkmen, Like to be Alone

Sometimes I like to be alone (x2)
But when I hear your voice
I don't have any choice
I want to crawl right through the phone
And I don't want to be alone

Sometimes I need to get away (x2)
But when I read your card
I found it very hard
Not to be with you today
Sometimes I need to get away

God is gravity
God is the law
God is love so
Love is the law
And love is gravity
I feel you (x2)
Pulling me

Sometimes I'm happy feeling sad (x2)
But when I think of you
I'm through with feeling blue
I think of good times we could have
Sometimes I'm happy feeling sad
