

Dead Milkmen, Now Everybody's Me

Everybody hates Edie Brickell
All my favorite shows are on TV
All the restaurants serve my favorite food
'Cause now everybody's me
Now my apartment's really crowded
'Cause I live there and I'm everybody
Everybody's sleeping with my girl
But, hey, everybody's me

CHORUS

Now everybody's me
Now everybody's me
Now everybody's me
Now everybody's me
Everybody's watching "Married with Children"
Everybody's into bestiality
The stores stopped selling Amstel Light
'Cause now everybody's me
Everybody loves Charles Manson
Everybody wants to set him free
Everybody's on the parole board
'Cause now everybody's me

CHORUS

I had to put an end to war
It didn't make a lot of sense to shoot at myself
No moe Christians, Jews, Muslims or Amway
Salesmen
Just a whole planet of TV addicts
They had to lower all the basketball nets
'Cause everybody's only 5 foot 3
And everybody likes to dress like a monkey
'Cause now everybody's me
